

Am I an actual member of the Temple of the Vampire (TOV)?
Yes.

Isn't it just an organization for psychic vampires? **No. And it is not a pyramid scheme or vampyre fan club. Though I would forewarn potential applicants of any organization to fully understand the foundations and workings of a group prior to joining. This is not a "love and light" organization. Victimization of an individual can happen in any group.**

Why does it cost money? **Because running an organization costs money. If you do not agree with this structure, don't join. Or, better yet, create your own organization and don't charge any money for your time or expenses.**

Do I believe in psychic vampirism? **Among humans, absolutely.**

Can't a vampyre affect someone mentally or energetically? **Yes.**

Don't vampyre need human energy to live? **Vampyre do deal in energy, as do all living things; life is the constant of energy in, energy out.**

If vampyre are dead, why do they need to drink blood? **Exactly.**

Nicholas De Vere correctly points out in his writing that neither the blood nor the energy of humans is ideal for the vampyre.

While vampyre will certainly ingest human blood for sustenance, humans as a psychic energy source are subpar.

As such, I prefer consensual energy exchanges with other vampyre and select magicians.

Aren't you an initiated Wiccan high priestess? **Yes. I was initiated in 1991.**

Have you studied or initiated with other traditions? **Yes.** Will you tell us about them? **No.** Are you still practicing Wicca? **No.** What do you practice? **I am an occultist and spiritualist. Obviously, as a high priestess and witch, I also know and practice magick, witchcraft and divination.**

Aren't you a baptized Catholic? **Yes. Just as many Vere and vampyre are/were.** Why didn't you stop them? **I was a baby. Also, why would I?** Aren't they hunting your kind? **Perhaps.** Didn't De Vere regard the Catholic Church as an enemy of the Dragons? **Yes, but our history and relationship with religion, and specifically with the Catholic Church, is far more complicated than that.**

How could you be a baby if you are a vampyre? **We have a complex reincarnation system.** What is your religion? **Vampyre.**

Didn't Nicholas De Vere look down on Wiccans and other non-tree witches? **Yes.**

Have you suffered from ritual or organizational abuse? **Yes. It makes me more mindful to be responsible for my own fulfillment within a group and to refuse any involvement that does not serve me.**

So are you left-hand path or right-hand path? **Both.** I believe in the full spectrum of magical ability, knowledge and tools. That being said, I also fully support and align with much of the belief system of the TOV. Neither my beliefs nor my actions are subject to anyone's approval or stamp of authenticity.

My life is not an apology letter.
